Independent Auditors' Report

Board of Directors
Okizu Foundation

We have audited the accompanying financial statements of Okizu Foundation, which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Okizu Foundation as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Emphasis of Matter - Subsequent Events

As described in Note N to the financial statements, almost all property located at Camp Okizu has been severely damaged or destroyed by a wildfire. Our opinion was not modified with respect to this matter.

OKIZU FOUNDATION

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE A -- Description of organization

Okizu Foundation (the Foundation) is a nonprofit corporation. It is the mission of the Foundation to provide recreational, respite and peer support programs to meet the needs of all members of families affected by childhood cancer.

The diagnosis of a chronic or life-threatening illness in a family threatens the very nature of the family structure. Children need positive nurturing and support in order to grow and lead fulfilling, productive lives. The family's normal emotional and social environment is greatly disrupted by a diagnosis of childhood cancer. Many children become dysfunctional because of the emotional and physical stress of treatment, and other family members have little support to cope with the stresses they are facing.

The Foundation has established long-term relationships with many of the pediatric oncology units in Northern California including Lucile Salter Packard Children's Hospital at Stanford, Kaiser Hospitals in Oakland, Roseville and San Francisco, Oakland Children's Hospital, John Muir Medical Center, David Grant Hospital at Travis Air Force Base, UC Davis, UC San Francisco and California Pacific Medical Center, which provide assistance to the Foundation so it can carry out its mission.

The purpose of the Foundation is to operate peer support programs for all family members, including families whose child has passed away. There is never a charge for participation in the Foundation's programs because of the emotional, financial and physical burdens placed on the families by this disease.

The Foundation purchased the former Berry Creek Ranch in Butte County, California in 1998. The property has been substantially renovated to house Camp Okizu, a permanent site for summer camps hosting children and families affected by childhood cancer.

NOTE B -- Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Concentration of credit risk

Financial instruments that potentially subject the Foundation to a concentration of credit risk consist principally of cash and certificates of deposits and pledges and grants receivable. Cash deposits are maintained at four financial institutions. The balances at times may exceed federally insured limits. The Foundation has not experienced any losses with respect to these deposits. Management believes that the Foundation is not exposed to any significant credit risk with respect to cash deposits and pledges and grants receivable.

OKIZU FOUNDATION

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2019 and 2018

NOTE B -- Summary of significant accounting policies (continued)

Cash and cash equivalents

Cash and cash equivalents consist primarily of cash, money market funds, and certificates of deposit. The Foundation considers investments with a maturity of three months or less at the time of purchase to be cash equivalents.

Certificates of deposit

Certificates of deposit with an initial maturity exceeding three months are reflected on the Statements of Financial Position at face value with interest income included in the Statements of Activities. Interest income is accrued when earned.

Pledges and grants receivable

Unconditional pledges and grants receivable are reported at realizable value, net of estimated uncollectible amounts. The Foundation evaluates the amounts expected to be realized on a regular basis. Any changes in the amounts expected to be received are recorded as increases or decreases in contributions.

Unconditional pledges and grants receivable, expected to be collected later than one year, are reported at fair value, which is determined using the discounted present value of estimated future cash flows. The resulting discount is amortized ratably and is reported as contributions revenue.

Inventory

Inventory is stated at the lower of cost or market where cost is determined using the first-in, first-out method. Inventory consists primarily of logo merchandise held for resale.

Investments

Investments in all debt and equity securities are stated at fair value and are considered available for sale. Fair value is determined based on quoted market prices. Realized and unrealized gains or losses on investments are recorded in the Statements of Activities in the period that such investments are sold or fluctuations occur.

The Foundation categorizes all investment assets on an individual security basis according to the fair value hierarchy as: Level 1, investment assets with observable inputs that are derived from quoted prices for identical assets or liabilities in an active market; Level 2, quoted prices in non-active markets or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are not directly observable, but are corroborated by observable market data; or Level 3, unobservable inputs, which cannot be corroborated by external market data.

OKIZU FOUNDATION

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2019 and 2018

NOTE B -- Summary of significant accounting policies (continued)

Property and equipment

Property and equipment are recorded at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Depreciation is computed primarily on a straight-line basis over their estimated useful lives ranging from five to thirty-nine years. The Foundation generally capitalizes property and equipment with an original cost in excess of \$4,000.

Net assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Without donor restrictions: Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve.

With donor restrictions: Net assets subject to donor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue and support recognition

The Foundation records contributions when the donor makes an unconditional promise to give. Donor-restricted contributions are reported as increases in net assets with donor restrictions. Conditional contributions are recognized when conditions are substantially met. Donor-restricted contributions that are received and their restrictions met in the same fiscal year are reported as unrestricted contributions. Revenue from donated auction items is recognized when sold and sales proceeds are included in special events revenue. Unrestricted donations of securities that are sold nearly immediately are treated as cash contributions and included in cash from operations on the Statements of Cash Flows.

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2019 and 2018

NOTE B -- Summary of significant accounting policies (continued)

Income taxes

The Foundation is a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and under Section 23701d of the California Revenue and Taxation Code. Therefore, no provision for federal or California income tax is reflected in the financial statements.

The Foundation recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. The Foundation does not believe its financial statements include any uncertain tax positions.

The Foundation's returns are subject to examination by federal and state taxing authorities, generally for three years and four years, respectively, after they are filed.

Functional allocation of expenses

The costs of providing the program services and supporting activities of the Foundation are reported on the Statements of Functional Expenses. Expenses that can be directly identified with a specific function are allocated directly to that function. Expenses that cannot be directly identified with a specific function are allocated among the program services and supporting activities based on allocation methods and estimates made by the Foundation's management and approved by the Board of Directors.

Contributed goods and services

Contributions of goods and donated use of facilities are recognized at fair value when received. Contributions of services are recognized at fair value when received if such services create or enhance nonfinancial assets, or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Foundation had \$225,000 of conditional promises at December 31, 2018, representing a challenge pledge that would pay off the Foundation's debt if other support is raised to pay down the debt to the level of the challenge pledge. NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2019 and 2018

NOTE M -- Subsequent events

COVID-19 pandemic

Due to the governmental orders issued in March 2020 requiring the Foundation and its employees, as well as the general public, to shelter in place, normal operations have been affected significantly. The Foundation received a \$215,000 loan from the federal Paycheck Protection Program in April 2020 to minimize material adverse effects of the pandemic.

The loan funds must be used for specified purposes, primarily payroll, employee benefits and rent, and is eligible for partial or complete forgiveness if various criteria established by the Small Business Administration are met. Management expects 100% of the loan to qualify for forgiveness.

Wildfire damage to Camp Okizu

In early September 2020, Camp Okizu was destroyed by a wildfire. Management is working with the insurance company on determination of the damages and plans for rebuilding. At the same time, the Foundation is assessing the environmental impact of the fire and in the process of mitigating the damages, removing hazardous materials and minimizing the impact on the land and wildlife.

The date to which events occurring after December 31, 2019 have been evaluated for possible adjustments to the financial statements or disclosure is November 16, 2020, which is the date on which the financial statements were available to be issued.
